

# Terms and Disclosures

Last Updated July 1, 2023

While we make every effort to ensure that the information presented here is correct, there may be instances where certain Financing Plans and details can change without our knowledge.

We partner with multiple Banks and Lenders that offer Financing Plans with various Terms and Interest Rates, and these numbers can and do change often. But it's always our goal to be completely transparent with Financing and Rent-to-Own details, and we always strive to cater to each and every customer's unique financial situation.

We work hard to get you the best metal building financing solution possible, and one with which you will be pleased.

Some of the Loan Financing Incentives we offer may include Deferred Interest Rates, including 0% Interest for up to 60 months. Just note that the Dealer can't be held liable for any data which may be listed incorrectly here; be sure to confirm the details of your Purchase Agreement, along with any approved Financing, with your Dealer.

Not all buyers will qualify for all types of lending offers, as each Loan is based ON APPROVED CREDIT.
